

# REVELSTOKE.

## MEDIA RESIDENCY PROGRAM.

### THE PROGRAM

We want you to immerse yourself in all things Revelstoke. We believe that the community is one of the things that makes Revelstoke special, and you can't experience that on a packed weekend visit. That's why we created the Revelstoke Media Residency Program. Stay for a week (or more) and visit our local restaurants, cafes, and bars. Choose your favourite activities, meet locals, and create your own schedule. We hope that by staying in Revelstoke for a longer period of time than a usual media visit, you will be able to meaningfully engage with Revelstoke and be a knowledgeable and valuable advocate for Revelstoke as a destination,

### WHAT WE PROVIDE

We will provide you with accommodation, a \$50 a day per diem, reimburse your fuel costs (depending on origin and trip plan), and help to arrange activities you're interested in including tours, activities at Revelstoke Mountain Resort, and helping you coordinate a media visit to our nearby national parks. You can explore, work remotely, take in the sights, and set your own schedule.

### OUR EXPECTATIONS

We'll expect you to share your adventures on social media and/or your chosen platform while you're here, and to tag @revelstoke and #TheRealStoke. We may ask you to tag additional accounts depending on the activities you do and places you visit in Revelstoke.

"I really enjoyed staying for the week and allowed me to actually get a feel for the atmosphere and notice the small details that make a destination unique and special."

- Chris Istace, @stasherbc, [www.themindfulexplorer.com](http://www.themindfulexplorer.com)
